**MPV Working Group Chairman**

**Optical Storage Technology Association**

# MPV Status

- ✓ Managed by Optical Storage Technology Assoc.
- ✓ Open, multiplatform, free spec & technology
- ✓ Significantly enhances end-user enjoyment, ease-of-use, and interoperability of digital media collections
- ✓ Spec & open source SDK available now
- ✓ Low cost to implement
  - ✓ Players require only small additional code (typ. 50-80KB)
- ✓ Adds on, preserves compatibility with current players
- ✓ Any storage media, home network with UPnP AV
- ✓ I3A's CPXe supports accessing online services (e.g. ordering photo prints) using MPV
- ✓ Logo program for compatibility guarantee
- ✓ New work on-going

# MPV Futures

- Music Profile 1.0 in Dec. 2003
- New work on-going in OSTA
  - Portable Storage for large volume, long-term digital image archives
  - Additional extensions in discussion
  - Everyone welcome to join open process
- Home network use of MPV between PC and CE devices using UPnP AV
